

**TO: Residents & Businesses located on Waverly Street (between Henry & Talbot Sts)**

**RE: Waverly St Paving, between Talbot St (Fort Washington) and Chestnut St, and possibly as far as Sidney St, scheduled for Thursday, October 27, 2005**

On **Thursday, October 27, 2005, between 7:00 am - 4:00 pm**, Modern Continental (MCC), the City's Contractor for the Cambridgeport Roadways & Stormwater Improvements Project, will do final paving on Waverly St in the area between Talbot and Chestnut Sts, and may get as far as Sidney St. This section of Waverly St will be closed for the day. **Paving is weather dependent and may be postponed to a later date depending on this week's rain.**

**Traffic.** The new Waverly Connector road will be closed to all except local traffic. A detour will be in effect on the day of the paving. **Sidney Street will remain open from Pacific St to the Waverly Connector. The Waverly Connector will remain open from Sidney St to Brookline St, for outbound traffic.**

**Detour – Inbound (towards Mass Ave, Central Square)**

Inbound traffic coming off the BU Rotary will go up Brookline St and will be detoured **right at Erie St → left onto Albany St.**

**Access.** Access to Putnam, Chestnut and Henry Streets will be from Sidney or Brookline Streets. Access will be made available to the Budget Rental parking lot and the parking lot across from Vertex at the Waverly/Erie St intersection. Before 7 a.m., drivers use the regular Waverly St. entrance. Drivers arriving after 7 a.m., will be allowed to use the driveway curb cut off Albany St just east of Erie St to get into the parking lots. Drivers will always be able to exit the parking lots by using Reardon St and/or Waverly St. (See the attached traffic management plan.)

To assist drivers during the paving operation, police details officers will be on site and detour signage posted. MCC will post "No Parking" signs in the areas of their work zones 24-hours in advance of paving. Please refrain from parking in these areas during the posted work hours 7:00 a.m. to 4:00 p.m.

If you have any questions about this operation, please contact John McGillicuddy, MassHighway Resident Engineer, at (617) 492-2736 or Judy Kavanagh, Community Relations Manager at (617) 498-4710/ [judith.kavanagh@seacon.com](mailto:judith.kavanagh@seacon.com).
